SIDE VIEW

Features

- Two-panel hood with fleece lining
- Double-needle topstitch on all seams
- Dyed to match drawcords with tipped ends and metal eyelets
- Side-seamed
- Lane Seven is a proud member of the Better Cotton Initiative. Cotton products from Lane Seven support more sustainable cotton farming
- By implementing water saving techniques in the dying process of Lane Seven fleece, the company is able to save 18 liters of water per garment
- 80% of Lane Seven's fleece is produced in plants powered by renewable energy

Fabric

- 7.96 oz. (270 GSM), 30 singles
- 55% Regenerated Cotton, 45% Regenerated Polyester
- 100% regenerated yarn. The yarn is composed of post-consumer waste, as well as scraps left over from the cutting stage of the garment manufacturing process. Because the yarn is repurposed, the material forgoes the dyeing stage, which reduces energy consumption by approximately 80%, water consumption by approximately 75%, and chemical consumption by approximately 90%.

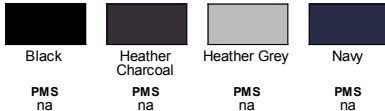

Sizes

- XS - 3XL

Product Specifications
